these sleepy cats need some colour! can you make these kitties even cuter?

Join in and help share HOPE (

#HopeinNineElms

In 2020 we have never needed hope so much. Nine Elms Art Ministry are inviting you to get involved with

Hope in Nine Elms

It's a chance for all ages to get creative at home and help spread hope to Battersea and Nine Elms

All you need to do is: •

Think of a Message of Hope you want to share with the community (less than 15 words)

Create it and decorate it in a square shape - using any materials you have (including old cardboard boxes or the back of this sheet)

Take a photo and share it on social media using the hashtag **#HopeinNineElms** and upload it via <u>www.hopeinnineelms.com</u> or email it to **betsy.blatchley@nineelmsartsministry.org** for the chance for it to appear in a short film to be shown at Archlight Cinema when it reopens

Put your hope square in your window to share with neighbours - and keep it safe, as the plan is to bring all the contributions together in one big **Celebration of Hope** when we can all gather again.

This is for EVERYONE - whatever age and whether you consider yourself creative or not!

Nine Elms Arts Ministry is an emerging community of artists and creatives exploring arts, spirituality and social justice within the Nine Elms area on London's South Bank. They are led by Rev Betsy Blatchley, Pioneer Minister in the Arts and supported by the Diocese of Southwark. In December 2019 they brought together over 50 organisations to create The Nine Elms Advent Calendar of Art—with 24 free events in 24 days.

MY WORRY JAR

Creative Challenge

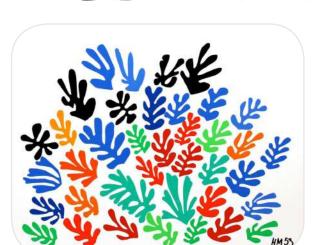

collage with matisse

- 2. Look at the paintings and the shapes in green, draw shapes on colour paper (or anything you have like newspaper old fabric etc.)
- 3. Put everything together on your base. Po you like what you see? Cut more shapes if you want
- 4. When you're ready glue everything together.

5. If you fancy you can draw on top of it. You could even use tracing paper or pipe cleaners to add layers!

Coller means to Glue in French! A Collage is the adding of different elements to create an artwork.

Discover 575 Wandsworth Road

Khadambi covered his house, why not decorate yours!

575 Wandsworth Road is a small house on a busy London with a magical secret. It was owned by a man called Khadambi Asalache, who was born in Kenya and travelled to England to become a writer.

- 1. Take some paper and draw some shapes like the ones below and on the other side
- 2. Cut them out and decorate them!
- 3. What about making your own shapes? Like Khadambi, get inspired by looking & listening what is around you! Your brain is magic

Inspired by his travels as a young man, inside almost every wall, ceiling and door is covered in hand carved wooden decoration, which Khadambi created using pieces of scrap wood he found in skips to cover up a damp patch he had in his basement.

Even though he had no training in carving, he was able to use his creativity and over 20 years, turned his home into a work of art.

Khadambi decorated his home with objects he collected from his travels from places like Istanbul, Morocco and Tanzania – or things he discovered in local junk shops or antique fairs.

Cross out a challenge once you have completed it. There is no rush to do them but challenge yourself to complete them all!

Done something I've been meaning to do for a really long time

Managed to buy toilet paper

Taken a deep breath

Eaten a new food

Given a gift to someone else

Learned a new skill

Given a gift to myself

Phoned a friend

Encountered an obstacle and overcame it

Met a new neighbour Read a book, story or poem

Grown something (a beard, a plant, a passion!)

Celebrated something

Said hello to a stranger

Stretched
