

**BATTERSEA  
ARTS CENTRE**

Marry now, party later

Two weddings for the price of one!

We have created a new wedding package for couples who want to host their wedding with us at Battersea Arts Centre, but because of Covid-19, they can only have 15 people at the ceremony. This new package allows you to have a ceremony now and then a bigger celebration later on!

We feel this new package is a great option in the current cultural environment, allowing the space for you to safely distance with 15\* of your loved ones while also creating a very intimate environment for the two of you. This can be done either in the stained glass Octagonal Hall or the beautiful Staircase at the front of the building.

Later down the road, you will be able to embrace that traditional wedding feel of a big celebration in either the Council Chamber (130 guests) or the Grand Hall (up to 350 guests). We will give you first refusal on a date and ensure that you finally get to have the long-awaited party moment to celebrate with your family and friends! It really is the best of both worlds.

**The Octagonal Hall or Staircase ceremony and the Council Chamber celebration £6,000 + VAT**

**The Octagonal Hall or Staircase ceremony and the Grand Hall celebration £13,500 + VAT**

The above costs do not include catering, but we would love to host a dinner for you after your intimate ceremony as well as at your party later on. Read on for more details on menu options for the 'marry now' section of your wedding. We are delighted to include this in the Scratch Bar for no additional cost.

\*This will vary based on government guidelines at the time of your event. Just check current wedding guest numbers before booking
